OMSCHRIJVING

DESIRE: Chronicle of Sergio Herman's final year at Oud Sluis, a pocket-sized re-issue. DESIRE REFLECTIONS OF A TOP CHEF describes chef Sergio Herman's final year at his Oud Sluis restaurant which has now closed. The collection which is published today is a re-issue of stories that previously appeared in DESIRE, a two-part document that was published in May 2014 in a very limited edition selling out in record time. With this new and simplified edition we are making the world of Sergio Herman available to a larger audience.
